The chromatogram and data in this case report are actual laboratory findings. Bio-Rad Laboratories, Inc. does not validate or confirm the sample data included in this database. All information contained herein is for informational use only and is not meant as a definitive identification of hemoglobin genotype.

Hb name: Aubagne

Description: beta 64(E8) Gly>Ala
Mutation, HGVS nomenclature: HBB:c.194G>C
HbVar number: 1143

Reference Laboratory:
Dr. Alain Francina
Molecular Pathology Unit
Department of Biochemistry
Edouard Herriot University Hospital
Lyon, France

Bio-rad Comments
Hb Aubagne beta 64(E8) Gly>Ala is an unstable variant leading to a mild hemolytic anemia. Appears as a shoulder in the descending part of AO.
